Florence, October 2015

Dear Sir/Madam,

The European University Institute (EUI) is an international organisation offering one of the world's largest doctoral and postdoctoral programmes in the social sciences. Its distinct international environment offers unique academic training, enriches intellectual experience and provides exceptional opportunities for academics across disciplines and borders.

EUI PhD researchers benefit from four year grants offered by the EUI Contracting States and other grant authorities.

I am very pleased to announce that the Italian Ministry of Foreign Affairs and International Cooperation, has decided to fund - in addition to grants they already finance - additional grants for PhD candidates coming from the following countries: Egypt, Algeria, Tunisia and Morocco.

Please find enclosed some printed matter concerning the above-mentioned grants. I would be very grateful if you would be willing to display this information in your institution, and where possible, to inform current or recent graduates from those countries who may be interested in applying to the PhD programme.

The European University Institute is accepting applications for its PhD programmes in Economics, History and Civilization, Law and Political and Social Sciences from 2 November until the deadline: 31 January 2016.

Complete information on the programmes, eligibility requirements, application procedure and deadlines is available online: [www.eui.eu/phd](http://www.eui.eu/phd)

Yours sincerely,

*V. Deckmyn*
